"RETRENCHMENT AND REFORM." The "administration must be put down, tho pure as the angels in heaven," was wont to be the gry of the Jackson-Van Buren party. And they denounced the administration of John Q. Adams as extravagant, profligate, and corrupt. Then, if a detalcation of a thousand dollars happened, and it was rare that one to any amount occurred, they made the welkin ring with the cry of " Defaulters! Defaulters!!" Then, when the expenses of the Government were only-\$13,000,000 per annum, their cry was "Extravagance! Extravagance! how can the people sustain such extravagance !!" But now how extremely modest these same precies and individuals have become, they never open their lips about the extravagance of the Government, though the expenses for the present year under | Canadian militia who fell at Prescott. this economical administration, will amount to FORTY MILLIONS And no to defalentione, their partizans would never know that one ocencred, if they had recourse to nosother papers than those of their party so cautious are they a went at allading we them of this chungled that the Government will lose TWENTY MILLIONS of dollars by exploded pet Banks, and runaway Sub-Treasurers! Yet the same presers, and many of the men support an administration which is guilty of the very crimes, which they (alsely charged upon a previous one. It is well to allude to these things occasionally, in order to expose the consistency of the Loca Fuco party.

1) A large portion of the message of the Governor of Kentucky is occupied with the subject of internal improvements. The amount already invested for this purpose is stated at \$7. 000,000! What has Maine done in the way of internal improvements? Just nothing at all. And what might she not have accomplished, had she invested millions of dollars years ago, 1.04 - Harsp hire, praying for the abolition of for the purpose of opening the vast resources which are within her boundaries. Why, will would now, like many of her sister States, have been receiving a profitable income from such investments. The time has come when our Legislators should look more to the interests of the State, undeless to party, and nitike a united ef fort to accomplish something for the advancement of the internal prosperity of our State.
